

# LARRY SININING

## Software Engineer | Front-End Engineer

Phone: 639936081692 | Email: [larry.sinining@gmail.com](mailto:larry.sinining@gmail.com) | Location: Cavite, Philippines |  
LinkedIn: <https://www.linkedin.com/in/lpsinining>

## Professional Summary

Results-driven Front-End Developer with 9 years of experience in software development and support, specializing in Angular, TypeScript, and JavaScript since 2019. At Intellicare (2016–2021), developed and maintained internal systems using Visual FoxPro, ASP.NET MVC (C#), and Angular with Angular Material. Since 2021, at Accenture, delivered enterprise-grade applications for a global casino systems client using Angular, PrimeNG, and Bootstrap. Proficient in version upgrades, debugging, UI/UX implementation, and Agile methodologies. Gained experience in UI automation testing with Selenium and Spring Boot, driving continuous improvement and production support.

## Technical Skills

- **Front-End Development:** Angular (2+ to latest), Angular Material, PrimeNG, TypeScript, JavaScript, HTML5, CSS3, Bootstrap
- **UI/UX & Accessibility:** Angular Material, PrimeNG, responsive design
- **Testing Tools:** Basic Selenium integration with Spring Boot (UI automation)
- **Version Upgrades:** Angular, PrimeNG, Bootstrap migration/upgrade experience
- **Agile Delivery:** Scrum ceremonies, code reviews, debugging, production support
- **Other Tools:** Git, Jira, SQL Server

## Professional Experience

### Accenture Inc., Philippines

#### Custom Software Engineering Specialist | December 2022 - Present

- Developing and maintaining web applications for casino systems using Angular and PrimeNG.
- Collaborating with cross-functional teams to deliver new features and improvements following Agile practices.
- Handled front-end tasks, version upgrades, and UX enhancements.
- Supporting debugging and issue resolution for production environments.

## **Advanced App Engineering Senior Analyst | April 2021 – November 2022**

- Built and maintained front-end modules using Angular and PrimeNG for casino system web applications.
- Participated in the migration of Angular, PrimeNG, and Bootstrap versions to ensure compatibility and improve performance.
- Conducted peer code reviews and contributed to knowledge-sharing sessions within the team.
- Briefly worked on UI automation testing using Selenium integrated with Spring Boot.

## **Intellicare - Asalus Corporation**

### **Team Lead, Software Engineering | November 2016 – April 2021**

- Led a team of developers in building and maintaining internal applications using Angular and ASP.NET MVC (C#).
- Oversaw design and development of Angular Material-based front-end modules for enterprise applications.
- Guided and mentored junior developers, ensuring coding standards and project delivery timelines were met.
- Collaborated with business stakeholders to gather requirements and align technical solutions with business needs.

### **Software Developer | March 2016 – October 2016**

- Developed and enhanced internal applications using Visual FoxPro.
- Assisted in requirements gathering, coding, debugging, and deploying solutions.
- Improved usability and performance of legacy systems by applying modern development practices.

## **Sky Cable Corporation, Philippines**

### **Technical and Customer Support | Nov 2016 – Apr 2021**

- Provided technical support for Sky Broadband customers, resolving internet connectivity issues efficiently.
- Assisted in customer troubleshooting, achieving a 90% first-call resolution rate.

## **Educational**

---

### **Bachelor of Science in Computer Engineering**

Eulogio “Amang” Rodriguez Institute of Science and Technology (2009 – 2014)

## **Internship**

---

### **IT Support Intern, Bureau of Internal Revenue, Philippines (Mar – Jun 2013)**

- Performed system reformatting, antivirus setup, and software installations.

## **Trainings and Certification**

---

- **Visual FoxPro Programming**, Intellicare - Asalus Corporation | March 2016
- **MVC and Angular Customized Training**, NTT Data Philippines Inc. | October 2018
